

Struan Community Trust

Chairmans Report 2021

This past year the trust has funded the following

Community Council Skips & Grass Cutting

CAB Administration of Hardship funds due to Covid to Struan Residents, a total of 8 applications were funded in this way.

Struan Primary School For an Ocean School Project

Dunvegan Community Nurses Part funding of a machine used to diagnose circulation problems.

SCDF Funding a Community Development Officer and Christmas Voucher Scheme

Mrs Susan MacKinnon New set of Community Christmas tree lights.

This has been a difficult year for many and as such there has not been a lot of activity within the village thus resulting in a reduction of projects requiring funding. However it was heartening that through the covid hardship fund we were able to make a difference to some residents within our community.

We are now in the process of drawing up a new application form for over 16 year olds to apply for funding for financial assistance with further education.

We are also discussing the following ideas which would be of benefit to our community

Toilets

Benches

Bins at benches

Helipad

If you have any other ideas which you feel would be of benefit to the community please feel free to contact any members of the Trust or Community Council who will look into your ideas further.

Lastly, many thanks to all the trustees for their valued contributions throughout what has been the most unusual year!
