

# Struan Community Hub @ The School

## KITCHEN GARDEN CREW NEEDED NOW

Spring is here at last and with it a perfect chance to clear out and replant the Keder house beside The School, our new community hub.

Are you a keen or aspiring gardener? We are looking for volunteers to help transform our wonderful community asset into a haven of fresh vegetables and salad crops by the summer.

Come and get involved in deciding what to plant, weeding, digging over and mulching the soil and generally making the most of the opportunity - all ages, abilities and ideas welcome. Funds to get gardening equipment are available, so we'll buy what we need once we are confident the project has enough willing volunteers.

To kick things off, do come along to our Coffee in the Classroom session at The School on Saturday 30th March and / or 13th April from 10.30am to 12.30pm or get in touch with Sarah Illingworth on [sarah@theoldmanseskye.com](mailto:sarah@theoldmanseskye.com) or 0777 6116 920.

**FORKS OUT AND OFF WE GO!!**
